

# Greening Sacred Spaces

## *Faith & the Common Good*

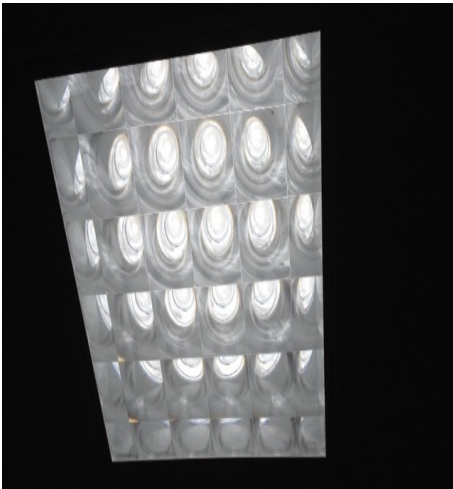

### **Sustainable Buildings Bus Tour 2012**

Sister Laura Hughes explains the partnership with Ottawa University and motivation to 'go green' at Paroisse du Sacré-Coeur (Cumberland St.).

Participants admire the energy efficient range in the new kitchen at Emmanuel United Church (Smythe Rd.).

This state of the art skylight channels daylight into an area with no exterior walls at Emmanuel United Church, illuminating the hallway even on an overcast day. Installing skylights was a "negligible" additional cost of renovations.

Participants learning about the sustainable building process at Masjid Bilal Mosque (Innes Rd.).

**A big thanks to everyone who came on the Sustainable Buildings Bus Tour, and all our host communities. We had a great time!**
